BAY AREA PIT FIX DAY

Free Spay/Neuter Surgeries for Pit Bulls and Pit Bull Mixes

WALNUT CREEK, California – February 6, 2007 – Please join Tony La Russa’s Animal Rescue Foundation (ARF) and other animal welfare agencies to ***promote Bay Area Pit Fix Day***. On Friday, March 2, 2007, ARF will offer ***complimentary*** spay and neuter surgeries to all Pit Bulls and Pit Bull mixes at its Walnut Creek clinic.

Local veterinarians and animal technicians are generously donating their time and surgical expertise to spay and neuter Pits and Pit mixes during the course of this special Bay Area Pit Fix Day. Led by ARF’s Dr. Heather Coburn, the benefits of “fixing” Pits include better overall health, less aggression towards other dogs and also helping curb the tragic overpopulation problem in the Pit Bull community.

All Pit and Pit mix spay and neuter surgeries performed during Bay Area Pit Fix Day are ***complimentary*** to the public. All healthy Pit and Pit mixes, up to eight years of age are eligible for this special day. To take advantage of this first-come first-served offer, please schedule an appointment by calling 925-296-3105. Call today to help solve the Pit over-population problem, and also create a happier and healthier dog. Space is limited and advance scheduling is required – no drop-ins.

ARF saves the lives of loving dogs and cats who have run out of time at public shelters. ARF gives another chance at life to dogs and cats who otherwise would have been killed. ARF provides the care and attention they need, including spay or neuter surgery, until ARF finds them a new home of their own.

ARF’s People Connect programs strengthen the human animal bond for the elderly, residents of assisted living centers, teens at juvenile hall, high school students, grade school students and young children through programs that are national models of excellence. ARF programs allow people to experience the unconditional love and acceptance of dogs and cats. People rescuing animals...animals rescuing people...™.
