

ARF CAMPER BRINGS IT HOME

Taylin with her ARF dog Kiki

Nine-year-old Taylin Tamura is one of ARF's biggest fans. She first attended Camp ARF in the summer of 2007 when she took both the "A" and "B" level camps for her age group. Entering third grade, Taylin was delighted to discover that ARF representatives would be coming to her classroom. The visits were part of the ARF All Stars® program, which emphasizes the value of companion animals in society and teaches children about their care. Eager to experience all ARF could offer, Taylin spent a Critter Camp-In night at ARF.

This summer Taylin couldn't wait for Camp ARF for grades 4-5. Since her favorite thing about camp was getting to be with the animals, she was especially excited to get to go into the cat condos and help socialize the cats.

Taylin loves dogs, too! She immediately thought of her grandparents when she saw a shy little Chihuahua mix waiting for a quiet home. It turned out to be an inspired observation. Her grandparents came to ARF to adopt a dog and made a beeline for Lolly. They even came with her new name already picked out — Chibi.

The biggest surprise was that Taylin and her mother fell in love with another small Chihuahua and adopted her on the same day, naming her Kiki. "It was quite a day!" Taylin proudly shares "Kiki sleeps with me and she snores. It's cute, but I hope that someday she'll grow out of it. I like that she sleeps with me because my other dog sleeps with my Mom — he's a mama's boy and follows her everywhere."

Both Kiki and Chibi are doing great. Says Taylin "I am helping my grandparents with their ARF dog, Chibi. I helped potty train Chibi and socialize her with my two dogs." With years of humane education under her belt, you can bet she is ready to help Grandma and Grandpa have a wonderful time with their new family dog.

Taylin and her grandparents with their ARF dog Chibi

ARF'S 10,000th SPAY/NEUTER!

Sunkist waking up from surgery

We've done it! This April our Veterinary staff performed their 10,000th spay/neuter operation! The lucky guy was an orange tabby kitten named Sunkist who was up and playing around shortly after surgery. Sunkist has since been adopted into a home where he keeps his new guardians on their toes with his silly antics.

ARF's clinic continues to expand services to the public as well as free surgery days to local rescue groups.

Are you prepared?

MADDIE'S LEGACY SAVES COUNTLESS LIVES

Visitors to ARF enter through the Maddie's Animal Care Center doors.

Maddie was a Miniature Schnauzer whose unconditional love and devotion inspired her caregivers, Peoplesoft and Workday founder Dave Duffield, and his wife, Cheryl, to start a foundation in her name.

When Maddie passed away in 1997, Dave made a promise to "give back to Maddie and her kind in dollars that which Maddie gave to Cheryl and me in life and love."

ARF is an accredited national charity organization that meets all 20 of the Better Business Bureau (BBB) Standards for Charity Accountability.

LETTER FROM ARF'S EXECUTIVE DIRECTOR

Late one evening last fall, I received a text message image showing a little black nose with soft brown eyes and long lashes gazing back at me. This magnificent creature had been rescued from a public shelter after her hold period was up. Found running in the streets, I didn't know what her gentle eyes had seen, but from the looks of her, it hadn't been food.

The next day, I took a way too skinny nine-month-old golden retriever into my home, much to the disenchantment of Sadie. Sadie, my seven-year-old labrador, fears any and all fellow ball competitors. We began building a foundation of trust, partnership, and a sense

of security with the lovely orphan now named Bella Mia and filling her belly. your pet's name(s), breed(s), location and contact information for someone with access to your animals. The card will alert emergency personnel that a pet is relying on your return for care. The card should also include any special care instructions and list medications as needed. If you don't have one, you can download one from www.arf.net.

In addition to the animal alert card, a guardian should prepare an animal document. This document reflects the information on your card as well as additional details. For instance, Mia's privacy needs on potty walks maybe be frustrating to her new caregiver, but not as annoying as a resulting accident. This document should also be kept alongside

money for care, as well as place the animals with a long-term caregiver. This legal device can only complement your

“Mia has entered a relationship that will last a lifetime. But whose lifetime, now that she has officially joined my family?”

of security with the lovely orphan now named Bella Mia and filling her belly.

Mia has entered a relationship that will last a lifetime. But whose lifetime, now that she has officially joined my family? A very difficult question no one wants to ask is "Who will care for my beloved pet in the event I am not able?" It might be hard to believe that your family may not be thrilled at the "gift" of your animals upon your death. But, the hard truth is most are not and the care and expense of a pet may present a financial burden.

As a responsible individual, you provide your pets with food, water, shelter, veterinary care and lots of love. To ensure this quality of care continues should something unexpected happen to you, it is critical to plan ahead. Although roughly half of Americans who drafted wills included a provision for their pets, it is important to include other planning steps as well.

Short term planning to ensure your animals immediately receive proper care starts by carrying an animal alert card in your wallet. This card should contain

any estate planning documents with the named caregiver. Instructions should include, but are not limited to:

- Food, diet, and favorite toys
- Daily routines
- Grooming
- Socialization
- Medical care (preferred vet)
- How to identify the animal
- Disposition of the pet's remains, (e.g., burial, cremation, memorial)

The third planning item is a sticker or signage at the front entrance to alert people of pets inside. This is especially important to notify emergency personnel who may need to enter your home in your absence and should include a contact's phone number. These stickers are also available complimentary from ARF.

Finally, special instructions for pets should be listed in the owner's durable power of attorney. Powers of attorney, which authorize someone else to conduct some or all of your affairs, have become a standard planning device. These instructions should authorize the agent to care for the pets and to spend the owner's

personal efforts in providing for your pet's future.

Be sure to check in your area for animal organizations who offer programs to place adoptable animals whose human has passed. ARF's Guardian Program gives people peace of mind that their beloved companion animals will be well cared for when the need arises. When a guardian passes away, dogs and cats enrolled in the Guardian Program enter the ARF Adoption Program. They receive excellent care as staff works to place them in the best possible home. This program is for people who specify in their will or trust documents that their animal companions are to be entrusted to ARF at the time of their death, and who make annual donations to ARF in any amount.

For more information on animal alert cards, stickers or the Guardian Program, please visit www.arf.net. Thank you for protecting your animals' future.

Executive Director

RAIDER NATION CAT CELEBRATION 2009

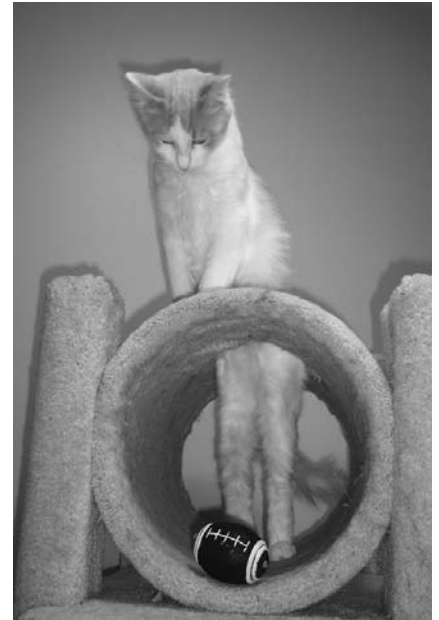

This fall, the Oakland Raiders will again partner with ARF through a special Raider Nation Cat Celebration to kick off the football season and support ARF's lifesaving mission. This fabulous month-long event will help to raise awareness of a delightful population of adoptable cats. This Cat Celebration is also an opportunity to reach people who may not be familiar with ARF's adoption programs.

While standard adoption criteria still apply, all adult ARF cats (six

months and older) will be available free of adoption fees thanks to the generosity of the Oakland Raiders! ARF will have cats of every variety available for adoption — you are sure to find a feline friend that you can't live without. The Raider Nation Cat Celebration will begin Thursday, September 24 and run through Sunday, October 25.

As an added treat, all fans visiting ARF during this time are eligible to enter a special drawing hosted by the Silver and Black to receive a fantastic football gift. ARF once again extends our warmest thanks to the Oakland Raiders for their support of ARF's lifesaving programs. Bring your team spirit to ARF and help us celebrate.

Go Raiders!

Betsy Ross is getting ready for a furtastic 2009 Raider Nation Cat Celebration.

ALL EARS READING® AT WALNUT CREEK LIBRARY

Reading with animals is a great way to improve your child's reading skills. Join ARF at the Ygnacio Valley Library once a month for a relaxed, non-judgmental and encouraging reading environment with trained pet teams. Children can read animal related stories to animals on ARF's therapy team. Your child will have the opportunity to listen and interact with the story or read aloud to the animals depending on their reading level.

Free sessions of All Ears Reading® will be held the third Monday of each month, 4-5 p.m., at the Ygnacio Valley Library in Walnut Creek starting September 21, 2009. Pre-registration is required. For more information or to register, please contact the Ygnacio Valley Library, at 925.938.1481

ARF Campers read to Pet Hug Pack dog Sophie

ARF'S WALL OF HONOR

The Honor Wall in ARF's garden is now adorned with a growing collection of customized tiles that honor and remember two- and four-legged friends who have touched our lives. It has become a special place to peacefully stroll among the beautiful images of cherished animals and people.

Tiles are available for a \$250 donation, and accommodate a full-color photo, logo or artwork, name, and phrase of choice. Each order includes a replica tile for personal use. Visit www.arf.net for details and order yours today!

Pack walkers enjoy the sights

ARF celebrated its 9th annual Animals on Broadway and Paws on Parade at Broadway Plaza in Walnut Creek on May 3. Soggy skies couldn't dampen the spirits of the thousands of visitors and hundreds of furry friends who enjoyed this community event. The dedicated efforts of the walkers, their supporters and event sponsors raised more than \$50,000 to help ARF save the lives of more abandoned cats and dogs.

ARF salutes Broadway Plaza merchants and management, with great appreciation

PRANCING IN THE RAIN

for Tracy Dietlein and her team. Special thanks to our sponsors who made the day a howling success: Bishop Ranch Veterinary Center, Bollinger Canyon Animal Hospital, Contra Costa Veterinary Emergency Care, Newman Lasik, and Veterinary Surgical Associates & Veterinary Medical Specialists, with additional support from California Pizza Kitchen, Stanford's Restaurant, Fetch the Paper, 95.7 The Wolf and Walnut Creek Magazine. Come out next year to share in the fun!

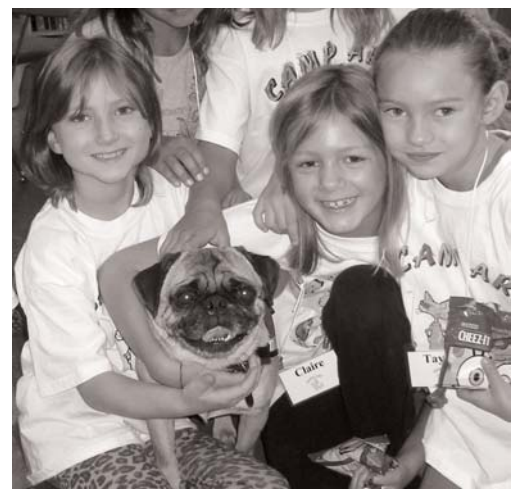

Representatives of a partner rescue, the 3 Basset-teers put their best paw forward

CAMP ARF IS NUMBER 1!

Summer was made for dogs, cats, and kids! This year Camp ARF was honored to accept Diablo Magazine's Best of the East Bay Award for Best Summer Camp 2009. If smiles and squeals are any indication, campers agree that Camp ARF is the cat's meow. In Camp students received humane education lessons, cuddled with therapy animals, braved viewing spay/neuter surgeries and dazzled us with their silly human tricks during the Pet-less Pet Show. ARF was also thrilled to provide scholarships to several deserving campers this summer. If you think that your child would love attending Camp ARF, watch for ARF's Holiday Camp Schedule at www.arf.net.

CUDDLE BUDDIES

Odin was rescued from the Martinez shelter along with his two brothers and sister. They were about five weeks old when they came to ARF and straight into a foster home. Their foster Mom shares, "When I picked them up, my first impression was that they were going to be very shy and reserved." However, Odin and his siblings were quite the opposite. Shortly after arriving at their new foster home the kittens were seeking adventures. His foster family said, "Odin was the most outgoing and had confidence to spare. He was not intimidated by our friendly dogs and wrestled easily with the family cats who were ten times his size." Along with playing around at home, Odin and his siblings would often go to work with his foster mom where they were able to showcase their typing talents and loving nature. His foster Mom had no doubt that he would be adopted immediately, and she was right. The first day of adoptions brought Odin his new home.

On their son Connor's birthday, Odin's adopters came to ARF to find a black and white tuxedo kitten and oh, did they find one! They saw Odin and knew he was the purrfect addition to the family. When he received a shot at the vet he slept all day, just like Connor did when he got his first shot. Not only do Connor and Odin act the same way, they love sleeping the same way too. If cuddling together is any indication of how these two get along, this friendship will last a lifetime!

Connor and Odin spooning in their sleep

TEACHING LOVING CARE

ARF's Teaching Loving Care program (TLC) is a collaboration between ARF and the Contra Costa County Probation and Mental Health Departments. The goal of the project is to assist high-risk adolescent females in developing positive personal skills by working with cats in need of a home. The curriculum hopes to make a connection between youth who have experienced emotional and behavioral difficulties and animals who have experienced poor socialization, neglect, and abuse. The girls foster ARF cats in a home-like environment to train and socialize them for twelve weeks. Working with the cats provides a chance for personal insight, growth, and relationship building as demonstrated by the following letters. If you would like to read more about this People Program, please visit www.arf.net.

Dear ARF,

Rosetta is the sweetest thing she loves to look at the sky behind the window and if you look in her eyes all she wants is to be free and to have her own family she has big dreams that she wants to accomplish to become a Queen and hopefully one day they will come true so open your hearts and let her come home to a warm caring family like you.

Rosetta

Dear Slim,

I am going to miss you so much I hope that you have a good place to go and I will miss talking to you I want to stay but Karen said you had to go but I will come and see you and I expect you to show all the other cats what you learn I just won't have no one to share my feelings with that I know for sure won't go telling the world and I also won't have someone to care for I love you so much and hope the best for you I can see you dont want to leave but its time for you to go I know you have to show them you are doing it big I want you to know that you are always welcome at C.A.G.C and we love you goodbye Slim.

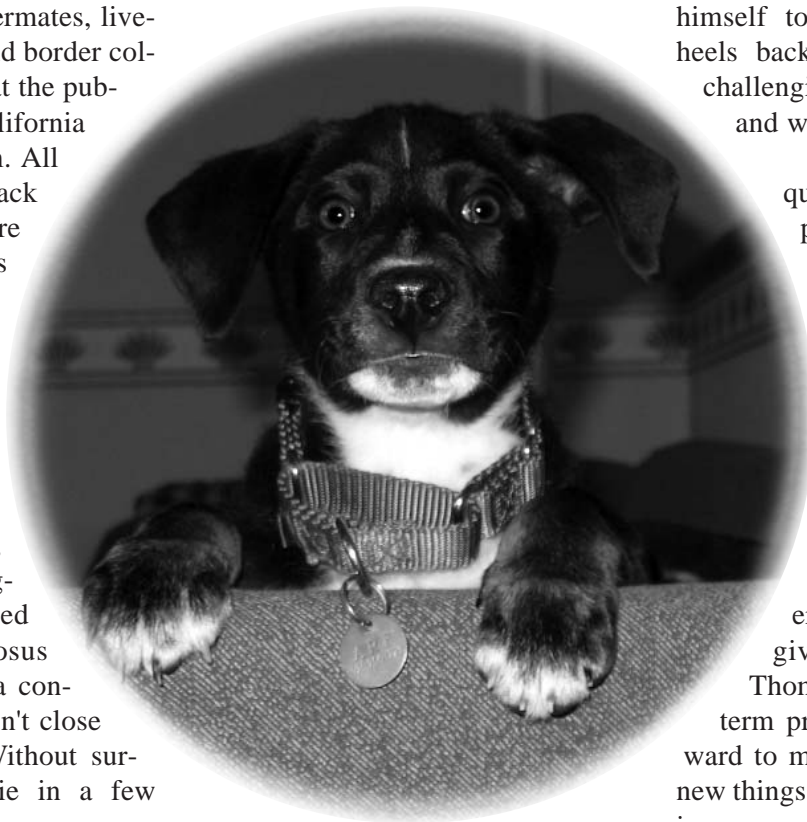

Slim

THOMAS, THE PUPPY THAT COULD

Thomas and his littermates, lively and social ten-week-old border collie mix puppies, waited at the public shelter in Central California for the ARF rescue team. All was well on their ride back to ARF, where they were to start their new lives with a health exam. The shelter that had originally rescued them had no medical facilities, so they did not realize that little Thomas was already going into heart failure. During his exam, ARF's veterinarian diagnosed a condition called Patent Ductus Arteriosus (PDA), which is when a connection in the heart doesn't close off correctly at birth. Without surgery, Thomas would die in a few months.

Thanks to ARF's Hope Fund, Thomas was able to get the surgical intervention he needed to live. Thomas was set up with a cardiologist and he underwent two corrective surgeries. After surgery, he joined his brothers and their attentive foster family where his friendly, bouncy personality saw him through his recovery

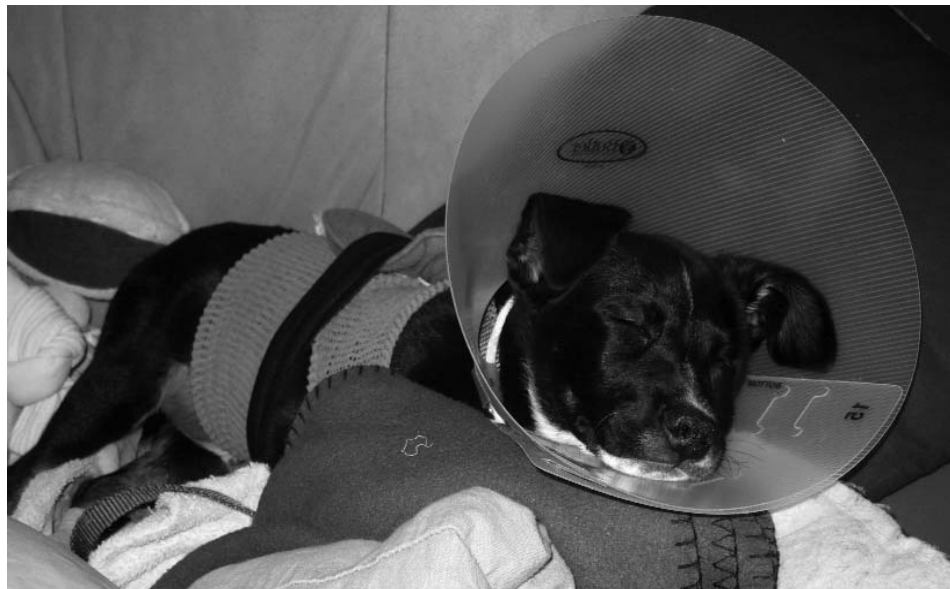

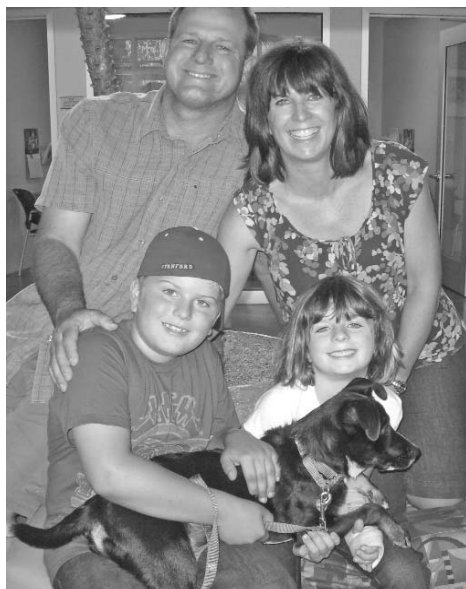

himself to do complete head over heels backflips, which was a little challenging when he had his sutures and we had to prevent this."

Thomas is an amazingly quick puppy, having at this point mastered housebreaking and basic commands with ease. Although all the littermates are very attached to people, Thomas especially has learned the value of a good cuddle and will stay for any length of time in his adopter's arms. Thanks to the generosity of those who have given to the Hope Fund, Thomas now has a great long-term prognosis and can look forward to many years of fun, learning new things about the world and enjoying games of tug with his new adoptive family!

The Hope Fund enables ARF to meet special medical needs for deserving shelter animals. If you would like to read about other animals like Thomas, or be part of the miracles brought about by the Hope fund, please visit the "How You Can Help" page on www.arf.net.

and endeared him to everyone he met. His foster mom says "Thomas is extremely bright. He often takes his toys in his mouth and throws them up in the air to catch or fetch them. He learned he could use his cone as a launching device and it gave him more loft in throwing. He also taught

HOW YOU CAN HELP ARF

ARF is so grateful to all of the contributors that help us save more lives each year. We understand that recent challenging economic conditions can make it hard to give as much as we would like to the programs so near to our hearts.

Thankfully, there are many ways to help the animals and the people who need their unconditional love. ARF uses a lot of the same equipment and supplies as the average business and then some! Visit ARF's wish list under "How You Can Help" at www.arf.net for more ideas. Little things can make a BIG difference at ARF!
